

## Directions for *Install* of Better Options Supply Co. New Liners & Pads

1. First, please unhook the 5-point safety harness from your Keenz 7S, and remove the corresponding Keenz harness pads from the straps.
2. Place the liner in the body of the Keenz 7S and thread the Keenz 3 bottom straps through the liner. Remove the buckles.
3. Thread the side harness straps through the corresponding slits on the liner.
4. Once all 10 ( 5 on each side) of the straps are threaded through the slit on the liner, please reattach the Keenz Harness Pads to the straps.
5. Once the Keenz Harness Pads are attached to the straps, slip the Liner Harness Covers over the Keenz Harness Pads.
6. Reattach the 5 point harness system.
7. On each 4 corners of the frame, please use the corresponding loop and thread tightly to the corners of the frame, to keep the Liner in place.
